Using MS Teams to Conduct a Virtual Evidentiary Hearing

Public Participants Virtual Hearing Attendance

Public Participants - Telephonic only

The US Bankruptcy Court – Ohio Northern ECF Docket entry for every case hearing utilizing remote participation options will provide public attendees with telephonic conference connection details. The dial-in information and access code provide an interested party with the ability to listen to the call and interact if relevant to proceeding.

Case Participants – Telephonic only

Practitioners and other case-associated interested parties participating in a hearing will receive an invite from the Judge's Courtroom Deputy. The invitation includes the MS Teams meeting details for date and time, as well as other notes for the recipients. In the lower section of the e-mail invitations, the recipient will find a conference connection telephone number and conference ID. To attend the Teams meeting via telephone only, dial the telephone number provided, when prompted for the access code, enter the conference ID followed by the # key. You will enter into the lobby and wait for the court to accept your attendance into the meeting.

Case Participants – Audio/Video presence
